Application 26254 includes a BACT determination for an external floating roof tank that is considered a significant revision per Regulation 2-6-226.5. The following parts of the permit affected by the significant revision are subject to public comment:

- Internal Floating Roof Tanks Cluster 24 (added S-3230), Table II.A.1 (added S-3230), Table IVF.1.11 (added S-3230 and permit condition 25848), Section VI (added permit condition 25848), Table VII.F.1.11 (added S-3230 and applicable limits and monitoring requirements of permit condition 25848), and Table IX-B-3 (added S-3230)

Changes to the permit resulting from administrative amendment applications 25542, 26757, 26819, & 27086 and minor revision applications 24893, 25406, 25796, 26961, 26169, & 26685 are not subject to public comment.

All proposed changes to the permit are clearly shown in "strikeout/underline format" and have been addressed in the statement of basis. The District invites comments on the proposed changes associated with the significant revision. All comments must be received by December 29, 2017. The public may also request a public hearing for this significant revision.

Significant revisions to a Major Facility Review Permit are subject to review and approval by US EPA. If US EPA has not objected to a proposed permit and the District has not addressed a public comment in a satisfactory manner, the public may petition US EPA, Region 9, Operating Permits Section at 75 Hawthorne Street, San Francisco, CA 94105, within 60 days after the end of US EPA's review, to reconsider the decision to not object to the permit. The beginning and end of EPA's review period can be found on the EPA Region 9 website at:
